Masai School

Ravish Kumar Maurya

Frontend Developer(React)

Professional Summary

Dynamic Frontend Developer skilled in React.js, HTML, CSS, and JavaScript with a strong aptitude for leveraging Generative AI and quickly mastering new tech stacks. Demonstrates excellent problem-solving and collaboration skills, ensuring the creation of scalable, high-performance user interfaces and a commitment to continuous learning in the evolving tech landscape.

Projects

UI Library [Live Demo Link](#) [Github Repo Link](#)

- CSS3
- HTML5
- Tailwind

- Collaborated with designers and developers to create a user-friendly and visually appealing UI library.
- Developed reusable, high-quality, and scalable UI components using HTML, CSS, and Tailwind, enhancing web page development efficiency.
- Implemented responsive design, ensuring the UI library works seamlessly across various devices and screen sizes.
- Managed frontend workflow and design, contributing to the integration of light and dark mode themes for improved accessibility.
- Handled GitHub management and supported team collaboration to continuously improve development workflows and code quality.

E-commerce Platform

- [Live Demo Link](#)
- [Github Repo Link](#)

- JavaScript
- Node.js
- HTML5
- CSS3

RESTful APIs

- Developed high-quality, reusable code for product pages in adherence to responsive web design principles.
- Integrated frontend components with backend APIs to display detailed product descriptions and user reviews on product pages.
- Implemented advanced search and filter features to enhance user experience and ease of navigation through the e-commerce platform.
- Conducted thorough testing and debugging to ensure the reliability and cross-browser compatibility of the homepage and product pages.
